

# Polyester Polyol – Hoopol – F-1391

## Features

Poliestere

---

## Dimension

density 1,22 g/cc

---

## Product informations

**Commercial name:** Polyester Polyol - Hoopol - F-1391

**Material:**

**PSV MixEco**

Recycled total	Post-consumer recycled	Pre-consumer recycled	By-product total	External by-product	Internal by-product	Virgin material
43%	43%	--	--	--	--	57%

## Product information

**SYNTHESIA TECHNOLOGY EUROPE SLU**
